

Manufacturer Direct Hospitality Furniture
Made in the U.S.A.

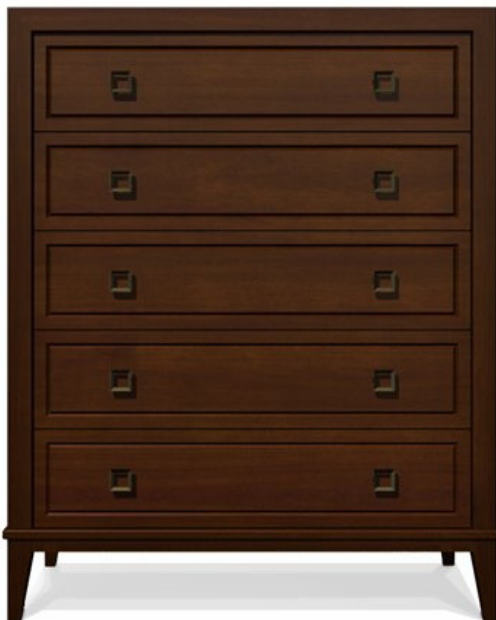

• Our hospitality furniture lines are built in the United States.

While our companies have produced hundreds of SKU's we still consider all product to be custom for your specific need. There is no inventory of pre-built frames, but lead times are reasonable and manageable because items are made within the USA.

The product can be as diverse as your imagination.

- Wood and wood grain (multiple sheens, tops varnished or veneered with plastic laminates for best durability)
- Wood composites and paint (flat, satin or metallic)
- Metal and powder coated or plated
- Acrylic composites and Lucite

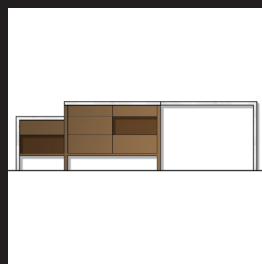

• Our companies are experienced manufacturers of quality contract furniture.

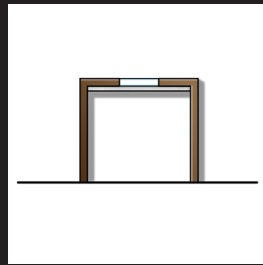

We represent American companies who provide complete cost effective manufacturing services. From engineering through fabrication, finishing, staging and shipping, our companies have demonstrated performance in contract furnishings, specifically for the hospitality market.

They are capable of creating multiple sizes and finishes of the same design to accommodate the variety of space challenges. Our companies are manufacturers, not "shops". Volume orders are not a challenge, and small orders are not an inconvenience.

To better serve you, on occasion a project requires that we source specialty requests through our network of American craftsmen and manufacturers.

While we are not promoting seating or upholstery, we can provide that category of furniture for a completely furnished spaces.

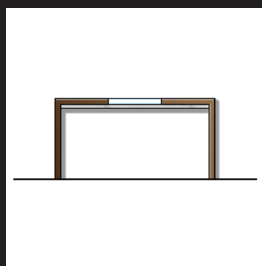

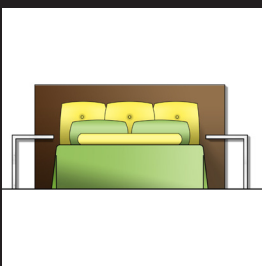

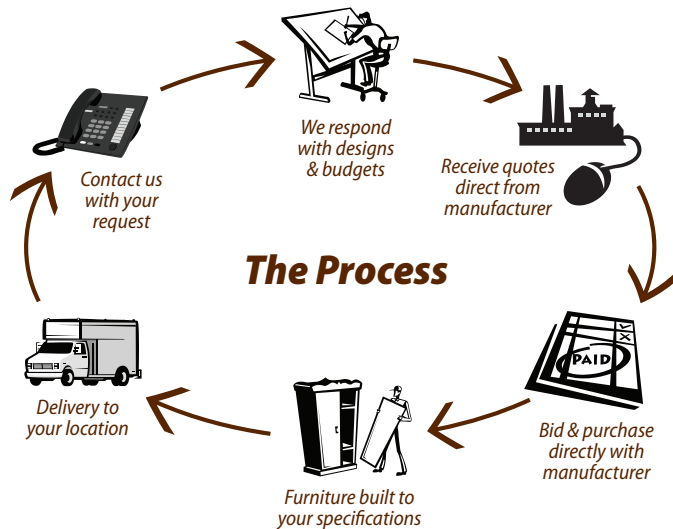

• Our design and manufacturing process makes it simple for you to get the product you need, when you need it.

r.o.i. Design will respond to your request for furniture design review, engineering and pricing. We will work with you to understand budgets, scope and lead times. Typically our customer has a product specification, a photo, or a drawing of the item, or type of item they are looking for. If not, we can design products for you. We will create a concise package for the manufacturers to bid.

Written quotes from the manufacturers will come directly to you for your review, and you will purchase directly from the manufacturer.

The manufacturer will acknowledge the order and respond with construction drawings, sampling and confirmation of finishes as agreed in the purchase order.

r.o.i. Design will continue to represent and advocate for you throughout the process but you are welcome to talk directly with the manufacturer to manage time lines and terms.

About r.o.i. Design

r.o.i. Design has been actively engaged in providing interiors for hospitality since 1983. We had our own manufacturing facility from 1983 to 1997, as Designer's Workshop. Our work in interior design for the hospitality market, and experience in furnishings and interior millwork makes us a perfect partner for your project.

We understand what is required to provide quality contract furnishings and add value to our customers and manufacturers by bridging the gap.
